Skills

Data Parsing

Data Cleaning

Data Manipulation

Data Visualization

Machine Learning

Multitasking

Detail Orientation

Self-Sufficiency

Extras

(Certificates/Activities)

**Hong Kong FinTech Week
Hackathon 2019**

Udemy, 2020 Complete Python
Bootcamp

Coursera, Machine Learning
by Stanford University

Languages

Russian - Native

Kazakh – Native

English - Excellent Command

Objective

A highly focused individual with strong communication skills and solid science background. Seeking to leverage Data Science knowledge, and organizational skills to increase data efficiency for organizations and to offer innovative solutions.

Education

Nazarbayev Intellectual School of Physics and Mathematics 2013 - 2019
Aktobe, Kazakhstan **4.0 GPA**

- High School Diploma with Distinction
